

Bad Schussenried Site Plan

Orientation | How to reach us | Contact

Welcome to Bad Schussenried

ZfP Südwürttemberg is located in the centre of Bad Schussenried on the site of a former Premonstratensian monastery and is easy to reach by car and public transport. Abt-Siard-Haus residential and nursing home is situated just outside, towards Aulendorf.

We've put together this site plan for you to make orientation over the extensive grounds easier. It gives you an overview of the individual buildings and lists important points of contact. The route to the various buildings is signposted on the entire site.

Information centre

Please contact the information centre in the entrance area if you have any questions. This is staffed from Monday to Friday, 7 am until 6:45 pm and weekends and public holidays from 10 am until 4 pm. You can reach the information centre by phone on +49 (0) 7583 33-0.

ZfP Südwürttemberg

ZfP Südwürttemberg provides comprehensive psychiatric and psychosomatic care from Stuttgart to Lake Constance. There are now more than 25 locations for treatment and support services. These services have been intensively linked, regionally and supra-regionally, to ensure integrated and comprehensive psychiatric care.

ZfP Südwürttemberg is committed to all areas of society so that mentally ill patients are not excluded and can participate in everyday life. The affected persons should be able to lead a largely normal life thanks to medical, psychological, pedagogical, socio-therapeutic and rehabilitative help.

As a modern healthcare and social enterprise, more than 4,000 staff work at ZfP Südwürttemberg and it offers a number of training positions. The company is committed to its staff and their families through part-time working models, job sharing, child care and comprehensive further education and training management.

Comprehensive assistance services

ZfP Südwürttemberg presents all people affected by psychological problems with an individual assistance service coordinated to their needs.

Our services in the region

ZfP Südwürttemberg has an integrated care network in the districts of Biberach, Alb-Donau-Kreis and the city of Ulm, allowing numerous people nearby care and support. By outsourcing wards, day clinics, psychiatric outpatient clinics, residential homes and groups to locations in Biberach, Ehingen, Ulm, Eberhardzell, Blaubeuren and Riedlingen, patients are spared long journeys, noticeably improving on-site care. Cooperation in the community psychiatric association and with numerous partners further extends the treatment and support services in the region.

Nearby care

The relocation of care services in the region's metropolitan areas brings psychiatry closer to the affected people and enables timely forms of treatment.

How to reach us

By car:

The exit for Bad Schussenried is signposted on federal road 30 Ulm-Ravensburg. There are parking spaces around the centre.

By public transport:

Bad Schussenried has a stop directly on the Ulm - Friedrichshafen railway line. A bus from the station, located a little further away, goes into the town. From the "Alte Post" stop it's another 200 metres to ZfP Südwürttemberg. The way there is signposted.
